

Frame square for 2 elements gold Simon 88

REF. 88622-36

BASIC INFORMATION

DESCRIPTION

With elegant finishes in gold colour, the square frame for 2 elements offers dimensions of 85x156 mm and belongs to the Simon 88 series. It is a unique piece that we recommend combining with rockers and covers in the same finish to guarantee good harmony between the parts. Thanks to its socket made of thermoplastic and the frame made in ZAMAK, our piece can withstand temperatures as extreme as those of -25 to 50°C. And for its installation, not only can be placed vertically or horizontally, as it is also suitable for position, place in surface-mounted or recess. In Simon we have created an exclusive collection and innovative designed for those who want to endow their home of elements unique and Ilenos of style. So that do not tios more and discover all that we have created, especially for you.
