

Flat voice and data plate with dust cover for 1 Systimax® RJ45 connector ivory Simon 75

REF. 75598-61

BASIC INFORMATION

DESCRIPTION

For 1 Systimax ® RJ45 connector, and with built-in dust cover, we present this individual flat voice and data plate of the Simon 75 series. This particular reference is ivory in colour, but it is also available in white and grey, a simple and discreet range so you can choose the one that best matches each space of your installation. The Rj45 adaptor module is included. For proper maintenance of this piece, it is recommended to clean it with a soft cloth slightly moistened in water with soap. We will be able to keep it in an optimal state with the passage of time. It is suitable for both surface or flush mounting and is made of thermoplastic material. And finally, it is recommended that the frame has the same colour as the selected plate, to achieve a solid finish throughout the set of the mechanism.
