

## Plate for speaker/buzzer 2W brown Simon 88

REF. 88052-32

### BASIC INFORMATION

#### DESCRIPTION

This is a plate for buzzer/speaker 2 Watts brown of the Simon 88 series. An individual plate for 1 element with dimensions of 68.3 millimetres. This product is available in 3 different finishes to combine them to our taste. Simón used by the thermostable for its manufacture since it is a material of great resistance and durability. When we talk about Simon products, you need to know that it is a Spanish company with more than 100 years of history, striving each day to create products to find solutions to the new needs of the company. Thanks to the Simon sound we will be able to enjoy a different type of music in any room, listening to other rooms and even the intercommunication between both. The Simon 88 series, to which belongs this piece, was created to break with square forms adopting a circular appearance, with finishes in precious metals and a wide range of functions for the most demanding public.
