Trim plate for 1 XLR connector male or female for 1 element white Simon K45

REF. **K122/9**

BASIC INFORMATION

DESCRIPTION

This trim plate is the series of Simon K45 and is specially designed for 1 male or female XLR connector, 1 element that should be purchased separately. Its installation is extremely simple and you can perform through flush mounted or surface-mounted. Also, the product includes housings 5 millimetres diameter housings for fastening the connector to the plate with screws. The plate has dimensions of 45 x 45 millimetres by 8.5 millimetres of depth. It comes in a traditional white colour, it is ideal with connectors of the same colour and that will make the final set is incorporate into everyday easily in any ambience of the room where it is, regardless of its appearance. The plate is made of halogen-free thermoplastic, so that is characterized by having great security, because this material allows the no-propagation of the flame in case of fire and reduces the toxicity of smoke.
