Single rocker combinable with viewers 82972 and 82982 graphite Simon 82

REF. **82013-38**

BASIC INFORMATION

DESCRIPTION

Dsiponemos with the option of this individual rocker combinable with viewfinders 82972 and 92892 in graphite colour and of the Simon 82 series, you can find it in the category of ""rockers and covers"". To belong to the Simon 82 range, you have up to six finishes available to combine as you want the piece, from Simon the recommendation is to choose the frame in the same baseboard colour as the rocker selected to get the most out of the element in your home, its dimensions are 55x55 mm to take into account at the time of installation. The operating temperature range is from 5ºC to 40ºC thanks to the fact that it is manufactured with metallic components of thermoplastic insulation that allow its maximum performance, it is also suitable for surface mounting or flush mounting. For its maintenance, you just need to use a soft, clean cloth without using any liquid, which will leave the element as new.
