

Cable trunking aluminum 2m and 130x55mm for 5 compartments

REF. TS13055/8

BASIC INFORMATION

DESCRIPTION

Our 2-meter aluminum cable guide channel is a sturdy and efficient solution for managing wiring in electrical projects. Made from high-quality aluminum, it meets the highest safety standards by being flame non-propagating in the event of a fire. With specialized dimensions and internal design, it facilitates effective cable organization. With IP4X and IK07 certification, we guarantee an exceptional level of protection for your electrical installations. We offer a versatile range of accessories to adapt it to different architectural configurations, as well as the possibility to incorporate Simon 500 Cima solutions or universal Simon mechanisms through the corresponding adapters. The indicated price is per meter and is supplied in batches of 6 units (12 meters in total)
