Frame for 1 element ivory Simon 82 Detail Original

REF. **8200610-031**

BASIC INFORMATION

DESCRIPTION

The Simon 82 Detail series is the one that places the greatest emphasis on making the most of the details of a frame. A superb collection that brings out really new and attractive designs. Such as this frame for 1 ivory element from this same series and the Original range, which as its name suggests is synonymous with originality and distinction, always looking for maximum elegance in the environment in which these mechanisms are coupled. Suitable for surface-mounted and to be recessed and manufactured in the best thermoplastic material, both the socket and the frame itself. A wonderful ivory finish that will delight everyone. It is recommended to choose the frame and rocker in the same colour, i. e. the ivory finish for rockers and covers together with this product. All of shapes, if you think you can fit it with another type of cover or rocker, it is also perfectly compatible.
