

Cover for sound centres graphite Simon

REF. 05131-38

BASIC INFORMATION

DESCRIPTION

Cover in graphite colour finish, from the Simon 27 Play series and is used for sound centers. The Simon 27 Play series allows you to enjoy decorating and trono a revolutionary concept with which you will be able to take the initiative in redecorating your own spaces. This cover is available in 2 different finishes, it is always recommended to choose the frame in the same colour as the selected plate. It measures 278 x 126 x 21 mm and has been manufactured in thermoplastic, the best of this material is that it is very easy to clean, as you just need a soft cloth and slightly moistened in soapy water, without having to reach resorting to cloths or abrasive cleaners with chlorine, and with just this, the cover will remain in perfect condition. The cover is suitable for flush mounting, located in places with a temperature between 5 and 40°C, approximately, although it is capable of withstanding extreme temperatures of -25 to 50°C, making it ideal for all types of climatologies.
