Angled voice and data plate with dust cover for 2 RJ45 connector white Simon 82

REF. **82579-30**

BASIC INFORMATION

DESCRIPTION

White in colour and of the Simon 82 series, we have this angled plate of voice and data with dust cover for 2 RJ45 connectors. You can find it available in 3 different finishes, being able to find the one that best suits your needs, for a better combination, we at Simon recommend that the frame be of the same tone as the baseboard of the plate chosen. This plate, measuring 55x55 mm, you can recess or position, place in a surface-mounted, as it is suitable for this purpose. It is manufactured in thermoplastic to offer the highest quality, being able to work optimally at temperatures between 5 and 40º, and can even withstand maximum temperatures of up to -25 and 50º C. For proper maintenance, it is appropriate to use a soft cloth previously moistened in a solution of soapy water, always avoiding any product that contains chlorine in its formulation due to its high abrasive power.

FINISH
