

French socket outlet 16A 250V~ with safety device and screw terminal connection ivory Simon 27 Play

REF. 27458-32

BASIC INFORMATION

DESCRIPTION

The Simon 27 series in its range Play is one of the most outstanding features Simon series in terms of which is avant-garde, fun, very eye-catching and, with everything it brings, also very economic solution. Renew your vision on the electrical mechanisms of your home or workplace, since Simon 27 Play allows you to change the appearance of any room in a second, just with a click. On this occasion, we present you this French socket outlet (16 Amps and 250 Volt voltage), with safety device and screw terminal connection, with a beautiful design finished in ivory. It has 1 elements and 2 modules. The covers include, in this product, the child-protection function, to give a greater security to these mechanisms to the smallest of the house. Manufactured in the best materials that guarantee that extra security. Its measures are 45x45 mm. Compatible with all the ranges of the 27 series (also with the 44 Aqua).
