

# Frame with 4 elements white aluminium base Simon 82 Detail Select

REF. 8201640-243

## BASIC INFORMATION

### DESCRIPTION

The Select range to which belongs this model of frame of the Simon 82 Detail series, is one of the most elegant. With its finished in white and a socket in aluminium, its mixture of elements gives it great sophistication. It is recommended to use the accessories, such as rockers and covers, in the same finish in white, helps to ensure that the design you see full. It comes in this version in four elements, the model can contain one to four. It measures 93x306 mm The manufacturing has been carried out with the zinc metal zamak in its socket, and thermo-stable plastic in the frame. It does not require of parts pieces, looking for against all the ease of its assembly. This is why that fits in any universal recessed box. Its maintenance is simple and very practical, only, it is necessary to use a soft and dry cloth, to apply it on top of the frame it will be impeccable like the first day.
