

Interchangeable case for 2 elements frame blue Simon 27 Play

REF. 2700627-064

BASIC INFORMATION

DESCRIPTION

The colour range of frames of the series Simon 27 Play, it has in its catalog a wide variety of colors to its interchangeable sleeves. This line of products Simon is committed to the versatility, since the covers can be changed with a simple click. It is a product beautiful, modern and innovative, which does not require an installation complicated. This is the interchangeable cover for frame of two elements in finish of colour blue. To create a contrast perfect aesthetic, you can use the rockers and covers required in white colour, this sleeve is a total of four modules and allows installation variables, since it can be installed vertically or horizontally, and be installed recessed or surface-mounted. With dimensions of 86 x 164 millimetres, the sleeve is perfect for a multitude of rooms. It is also made of a material insulating thermoplastically to power the security of the product, for its cleaning only necessary to use a soft cloth, moistened in soapy water.
