USB 3.0 type A female-to-female patch cord with trim plate black Simon K45

REF. **K128D/14**

BASIC INFORMATION

DESCRIPTION

Simon updates its range of multimedia connectors for the K45 and S400 series. This time, we present the new USB Type-A 3.0 patch cord, featuring a female-to-female format for direct, hassle-free connections—saving installation time. It offers transfer speeds of up to 5 Gbps, improved power management for more efficient charging, and full-duplex capability for simultaneous data transmission and reception. These features make it ideal for heavy data transfers such as multimedia files or powering high-demand devices when using an external power source. Integrated into a black trim plate, it can be clipped into any K45 series enclosure, as well as Simon 500 Cima using the range adapter.

FINISH

Black

MATERIAL

Polycarbonate

COMPATIBILITY

Simon K45 enclosures for installation on wall, floor, ceiling, and furniture, and Simon 500 Cima enclosures (requires combining with the adapter from K45 to 500 Cima).

ETIM CLASS

EC000018

REMARKS

Ensure the connector is compatible with the K45 enclosure or the 500 Cima adapter, avoid bending the patch cords, and keep the installation away from interference sources
