Cover with safety device for German socket outlet aluminium Simon 82

REF. **82041-33**

BASIC INFORMATION

DESCRIPTION

cover with safety device for Shuko socket-outlet with aluminium finish and belongs to the Simon 82 series, available in 8 finishes thanks to the great variety. It is recommended to choose a frame with the same baseboard colour as the selected cover to make the most of the combination of elements. Includes the cover with security to avoid any problems with the plug. As far as its installation is concerned, thanks to the fact that it has been set a full compatibility with the mechanisms of the Simon 77 series, you can leave the element installed in a matter of minutes, without the need for additional tools and without having to strip or braid the cables for operation, thus reducing installation time and increasing the security by not having to manipulate any wire.
