

Spotlight 740.01 Rail 4000K Flood White

REF. 74001030-384

BASIC INFORMATION

DESCRIPTION

The 740.01 Rail Spotlight 4000 K Flood White is a spotlight of the range of spotlights 740 Simon that stands out is especially Flood category optics, a type of optics that allows you to reach an angle of opening the light beam of up to 25 degrees. If we talk about its appearance outdoor spotlight, we are faced with a discreet a stylish white colour with textured paint .

If this spotlight is characterized by something else, it is for its high lighting efficiency (91,5) for the 20W of power that reaches operating. This is not subtracted from an inch the quantity (QTY.) of lumens that can reach to send for its use, since it can reach the 1830 lumens. In terms of the service life of the luminaire must reach a minimum the 30000 hours of light emission at a constant temperature.

It is a spotlight that you can use both for general and accent lighting. In this last case it is useful to create areas with the light organising some elements on top of other, something very useful in commercial premises, the industry. In retail last we highlight its simple installation thanks to the fact that it has an installation of type rail.
