

Spotlight 740.00 Rail 3000 K Spot White

REF. 74000030-283

BASIC INFORMATION

DESCRIPTION

The Spotlight 740.00 Rail 3000K Spot White of Simon is perfect to create a lighting both general and accent lighting, with a optics Spot and a colour temperature of 3000 K is a very interesting spotlight for installation in commercial premises or restaurants. His technology allows an organisation of areas with the light and have a thermal design with aluminium body of the highest quality.

The type of installation of this type of spotlights is in rail, which makes without a doubt the installation in any type of space sales retail and even in museums and art galleries. It can offer constant lighting for at least 30,000 hours, providing up to 2620 lm with just 30 W of power, which without a doubt proves that it is a spotlight that uses energy efficiently

Other aspects outstanding features of the spotlight 740.00 Rail 3000K Spot White is that it has an angle of opening the light beam of up to 17 degrees centigrade and a lighting efficiency detailed 87,3, among other technical data very interesting. In short, a solution with an exceptional thermal design that Simon has created for all types of installations and areas where it is necessary to organise light.
