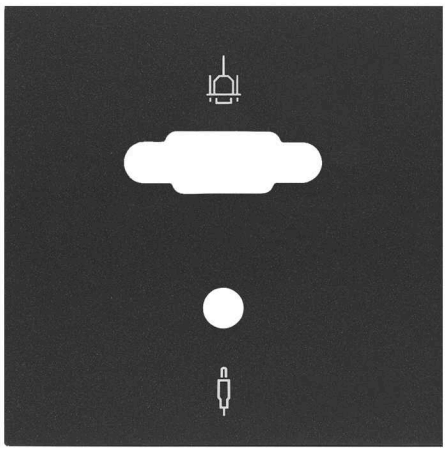
Cover for VGA connector + mini jack matt black Simon 100

REF. **10000091-238**



BASIC INFORMATION

DESCRIPTION

Color cover finished in black with quartz effect from Simon 100 series and used for VGA + Mini-jack connector. It can be installed in a recessed position and always in places with a temperature between 0 and 40�C, approximately. That's right, it can withstand extreme temperatures from -25 to 75 � C, making it an ideal blanket for all types of weather. This cover is made of PMMA with a thermoplastic socket and complies with European regulation EN 50581: 2012, so it meets all quality standards. In terms of maintenance, it is very easy to perform as it is sufficient to clean this cover with a soft cloth slightly dampened with soapy water, without resorting to rags or abrasive cleaners containing chlorine in their formulation, as they could damaging it and returning it didn't work the right way.
