

Interchangeable case for 3 half elements American frame arctic black Simon 27 Play

REF. 2700653-086

BASIC INFORMATION

DESCRIPTION

This interchangeable cover for American frames of 3 half elements black arctic Simon 27 Play, presents a stylish and very decorative black colour and that in addition presents a unique brightness of the range that gives it an exclusive and very sophisticated aspect. In addition to being compatible with 3 media elements it can also be combined with 1 complete element plus 1 half element, being the choice according to the client's preferences and needs. It allows the combination with rockers and covers of various shades and colors, although the most recommended colour to combine with this case is graphite, as it enhances all its decorative potential. It is also very easy to install, by means of a single click, flush-mounted in any wall in both vertical and horizontal arrangement. The interchangeable sleeves of the Simon 27 Play series are a simple and inexpensive solution for modernising the decoration of any room with a personal touch.
