Cover with safety device for French socket outlet aluminium Simon 73 Loft

REF. **73068-63**

BASIC INFORMATION

DESCRIPTION

Cover with safety device for the French socket, finished in aluminium colour and belonging to the Simon 73 Loft series. It has an element and its dimensions are 55 x 55 mA and withstands temperatures of between 5 and 40ºC, although it is able to withstand extreme temperatures of -25 to 50ºC, approximately. It is made of thermoplastic, a material very easy to clean: Just need to use a soft cloth slightly moistened in soapy water and never use abrasive cloths or cleaners with chlorine, as they could damage it. The Simon 73 Loft series is focused on the design in surface-mounted and trunking. The products in this series are designed with a minimum thickness, so that it does not protrude much of the wall and adapt to the new trends in decoration for spaces that require installations no civil work, but keeping a high level of integration
