

Voice and data flat plate with dust cover for 1 element for 1 RJ45 compatible other manufacturers black Simon K45

REF. K76/14

BASIC INFORMATION

DESCRIPTION

The series Simon K45 presents the plate of voice and data flat plate with dust cover for 1 RJ45 connector compatible with other manufacturers. This piece measuring 45x45 mm and a few excellent finishes in black, and that is not all, because thanks to its construction with halogen-free thermoplastic materials, it guarantees that there is no flame spread in case of fire and the low toxicity in terms of smoke. In case you want to combine the plate in vertical enclosures, you must use the 90° positioner in order to be able to guide the plate into a vertical position. Simon is the commitment to offer the best quality at a constant innovation in its products, and that is that the collection Simon K45 presents the best solutions of workplace solutions for those who want to endow their home with all the commodities in the market.
