

Single rocker for switches aluminium Simon 27 Scudo

REF. 2705010-033

BASIC INFORMATION

DESCRIPTION

This is an individual rocker for control mechanisms corresponding to the Simon 27 Scudo series. It is suitable for both switches and for 2-way switches and push buttons. It is made of plastic with an aluminium finish, it is therefore recommended to choose the frame with the same colour as the rocker selected for a better result. The product is ready for quick and easy installation. It is now possible to replace the old push-button switch button system with this new rocker. This innovative and easy-to-use article will change the look of your stay in minutes. For a correct maintenance of the product, it is advisable to use a cloth slightly moistened in soapy water, it is very important not to use abrasive cloths and / or abrasive cleaners containing chlorine. The product is available in individual format and in three different finishes.
