

Single rocker for S.77 mechanisms combinable with viewers 82972 and 82982 champagne Simon 82

REF. 8200013-034

BASIC INFORMATION

DESCRIPTION

A rocker with a viewfinder allows us to know its location at all times, even in the absence of light. This element is present in the individual Rocker for mechanisms included in the Simon 77 series. 55x55 are its dimensions and is combinable with viewfinders in champagne is the Simon 82 series, a circumstance that allows it to act as protection against all types of knocks. Its installation can be by surface mounting or flush mounting, giving it greater functionality. The fact of having been manufactured with galvanized thermoplastic ensures a longer life, which translates into economic savings. The recommended temperature range is 5 to 40° C, but this cover can withstand temperatures from -25° to 50°, with a magnificent behavior in all kinds of environments, all with a relationship between quality and price that is unmatched by companies that manufacture this type of rockers in the competition.
