

Interchangeable case for 4 elements frame antibacterial Simon 27 Play

REF. 2700647-060

BASIC INFORMATION

DESCRIPTION

With antibacterial properties we find this interchangeable pouch for the frame for four elements of the Simon 27 Play series, its installation is suitable for surface mounting or flush mounting, the best way to take advantage of the design line of the collection is to combine the rockers and covers with antibacterial properties to obtain the best protection against any difficulty. The colour is antibacterial white from the ""Antibacterial"" range, one of the solutions to any space and extra functions of the elements of the Simon 27 Play range. The antibacterial elements are ideal for nurseries, health centres, hospitals, offices and also for the home, maintaining hygiene at all times of those who touch the elements. Enjoy decorating with the Simon 27 Play series, a revolutionary concept that allows you to take the initiative to redecorate the spaces of your home, giving a unique and personal touch to your home.
