

Angled voice and data plate with dust cover 1 element for 2 RJ45 graphite Simon 500 Cima

REF. 50000086-038

BASIC INFORMATION

DESCRIPTION

Voice and data plate, with dust shutter, an element and for two RJ45 connectors. It is available in a stylish finished in graphite grey colour and belongs to the Simon 500 Cima series. The snap-fit of the product is made according to combined MD module. This is the individual version of a single module, it is also available for 1 or 2 RJ45 connectors. This plate Simon 500 Cima includes the clips required for fastening in both vertical and horizontal enclosures without resorting to any adaptor. Its dimensions are 50 x 50 millimetres, with a depth of 21 millimetres. It is manufactured using a thermoplastic material, halogen-free, which ensures the security in its use. These components minimize the toxicity if there is smoke and guarantees no flame spread in case of fire management. For maintenance optimum you just need to use a soft and dry cloth. Do not include RJ45 connectors.
