

Spotlight 740.00 Rail 3000 K Flood DALI Black

REF. 74000338-383

BASIC INFORMATION

DESCRIPTION

The Spotlight 740.00 Rail 3000K Flood DALI Black differentiates it from other spotlights 740 range with a colour temperature similar (3000 K) by having a type flood optics, which means that the angle of opening the light beam of the spotlight is above, with up to 27 ° opening. To do this you we add its easy installation of type rail and this is one of Simon's most interesting spotlights.

This spotlight is a very stylish black colour thanks to the textured paint used in its manufacture, which includes a body manufactured in aluminium and a design with high thermal. The IP rating is 20, do not too high but more than enough to the type of spaces in which these spotlights are installed in the usual manner. His long service life of at least 30000 hours of light emission is very interesting for those who are looking for efficiency in the long term.

Not to mention that is a spotlight with a emission of 2620 lumens for its 30 W of power, a number of the most high that we can find in this range spotlights on the market. In short, a spotlight with a pleasant light warm white, ideal for all types of spaces.

APPLICATION

Accent lighting,General lighting
