

Cablomax aluminum trunking 2m 170x55mm

REF. TK01133/8

BASIC INFORMATION

DESCRIPTION

Cablomax aluminum channel with a length of 2m and a section of 170x55mm, featuring 1 front compartment capable of mounting all functions from the K45 range without the need for accessories, achieving significant time savings during installation, in addition to having two internal compartments for the convenient distribution of cabling. Regardless of the designed structure, it ensures the isolation of electrical wiring from voice, data, and multimedia, as well as maintaining the correct bending radius throughout the distribution. It adapts to different architectures through its unique installation and design accessories. Made with high-quality anodized aluminum, it is equipped with a protection degree of IP4X and IK07. We are talking about a fire-retardant, self-extinguishing, and non-flame-propagating material.
