Frame holder for surface mount or flush-mount wall box Simon 500 Cima

REF. **50000801-039**

BASIC INFORMATION

DESCRIPTION

This product is part of the Simon 500 Cima range and stands out for its versatility and high functionality. It is a frame-holder of wall box that offers the possibility to be installed in a surface-mounted or flush mounted. It consists of two modules and measures 134 x 62 millimetres and 23 millimetres of depth. It is very easy to install and have to be taken into account that this reference is only compatible with the range of wall-mounted manufactured in plastic enclosures Simon 500 Cima. The manufacturing material of the frame-holder is thermoplastic insulation, which guarantees the no-propagation of the spread in case of fire, and the minimization of toxicity of smoke of this. Also, this material is very resistant and gives hardness the product, thus extending its service life in the time and ensuring its optimal operation. Its maintenance is very simple and is carried out using a soft and dry cloth, without the need for additional products.
