

Frame for 4 elements white beech wood base Simon 82 Detail Select

REF. 8201640-270

BASIC INFORMATION

DESCRIPTION

The best of the Simon 82 series and the Select range of products made with the best noble materials is joined together in this frame in white, wood and 4 elements Simon Detail. A unique, stylish and frame in the best material. In natural wood, with PEFC certification, Simon wants to promote sustainable forest growth. An attractive design that can fit in both more classic environments such as in the most modern, as well as in homes (from rustic to modern) or professional environments. Its standard size (93 x 306mm) allows it to be adapted to most installations. It is very easy to clean: Just a soft and dry cloth, it is advisable to choose the white finish for rockers and covers. It is that simple. Finally, we would like to invite you to enjoy in simon.es of the best products in terms of electrical material, protection, remote management or connection systems for voice, among many others more products.
