Flat voice and data plate, half element, with dust cover for 1 AMP® RJ45 connector white Simon 27 Play

REF. **27087-34**

BASIC INFORMATION

DESCRIPTION

Compatible with AMP connectors, the flat base plate of voice and data of the Simon 27 Play collection, it has capacity for half element and includes a dust shutter and RJ45 connector, with finishes in white and a design of clean lines that is integrated into all types of environments, the flat base plate of this range guarantees maximum functionality in the minimum space. With a size 22.5 x 45 mm, it has an installation suitable for recessed or surface-mounted, and is compatible with trim of RJ. To give more versatility to the set, it has 5 finishes available that will allow you to select the most in accordance with the style and decorative ambience of their room. Made of thermoplastic materials, it protects the room in case of fire and allows you to reach a temperature range of 5 to 40 ° C and maximum temperatures of -25 to 50 °C.
