Voice and data flat plate with dust cover for 1 element for 2 RJ45 ITT Cannon® connectors black Simon K45

REF. **KB65/14**

BASIC INFORMATION

DESCRIPTION

Once again, Simon is the best ally to protect the electronic systems in homes and commercial premises. This time with the flat plate for voice and data with dust cover for an element for two RJ45 ITT Cannon in black finish of the series Simon K45. With an avant-garde design, this plate provides all kinds of advantages to our systems with a half of 45 x 45 x 8 ' 5 mm But in addition to combine with all kinds of spaces with modern and classic, this is a plate with great resistance to impact knocks and to prevent oxidation due to the high temperatures and relative humidity and the deterioration of the same by using. This condition is due to the material halogen-free thermoplastic with which it has been manufactured, which also guarantees no flame propagation in case of fire and low toxicity in the event of smoke generation.
