

2-inch 2 W 16 Ohms speaker for false ceiling white

REF. 05563-30

BASIC INFORMATION

DESCRIPTION

2-inch 2W 16 Ohms speaker for false ceiling installation. Ideal for background music systems — simply drill a 65 mm hole in the false ceiling.

The speaker belongs to the Simon Sound range; the background music speaker includes the grille. Simon has designed these sound devices so you can achieve the musical atmosphere your home needs at any time. All elements coexist in the same space and coordinate for a proper installation in homes, shops or offices. The Simon Sound range shares the same series as the electrical mechanisms.

The necessary documentation is included to carry out the installation of this simple white speaker, along with all the technical specifications. It is pure convenience and gives your home the sophisticated touch you were looking for.
