Cover with safety device for Two-pole socket outlet graphite Simon 82

REF. **82040-38**

BASIC INFORMATION

DESCRIPTION

This format includes the cover with safety device for two-pole socket-outlet with a graphite finish and that you can find in the category ""covers and keyboards"" of the Simon 82 series, it includes an engraving with the bolus symbol of a plug. It has 6 finishes available to adapt the element to the decoration of your home, although it is recommended to choose a frame with the same baseboard colour as the rocker selected. The Simon 82 collection is characterized by a minimalist design, noble finishes and a wide range of textures, which offer simplicity, balance and elegance that will allow you to adapt every corner of your home to the most avant-garde trends with its most innovative finishes that allow you to control all the functions of your home without the need to lose a single point in terms of design. In addition, the installation of the elements is simplified thanks to the compatibility with the mechanisms of the Simon 77 series, the easiest and quickest to install thanks to its one click installation.
