Linker for surface-mount wall boxes white Simon 500 Cima

REF. **51040905-030**

BASIC INFORMATION

DESCRIPTION

The surface-mounted wall box linker of the Simon 500 Cima series is perfect to integrate into the environment boxes of the same series. It measures 61 x 30 millimetres and 14 millimetres of depth and is suitable for installation in wall-mounted surface-mounted housings. Its new design is characterized by its high capacity inclusive aesthetic which, in addition to the presented in white colour and will be increased to go unnoticed in any room or department where it is placed. The linker Simon 500 Cima also offers the possibility to provide the product with an extra fastening screwing the centre frames in the box, although to prior is not required. The material of high quality thermoplastic of which it is made is characterized by being self-extinguishing and halogen-free. This means that, in case of fire, are not propagate the fire and also reduces the toxicity of smoke, guaranteeing safety and giving the product value.
