

Angled voice and data plate with dust cover 1 element for 1 RJ45 aluminium Simon 500 Cima

REF. 50000081-033

BASIC INFORMATION

DESCRIPTION

Simon offers through its 500 Cima range, the best alternative in its features, for installation through direct snap-fit. The RJ45 connector is clipped directly onto the plate without the need for tools or screws. This is a plate that is suitable for the data and multimedia module, and does not require adaptors. It also offers the inestimable advantage that it uses the same plate for all types of housings: Snap-fit horizontal and vertical. Absolute compatibility with all other products of the Simon brand. Its modularity and capacity, combined with overall security, give it a considerable competitive advantage over the other brands that are offered in this market. Angled voice and data plate with dust cover and 1 element for 1 RJ45. Aluminium finish of the Simon 500 Cima range. Compatible connectors: RJ45. Suitable for combined MD module. Single angled plate. Plate for 1 and 2 RJ45. The plate includes clips for fastening in vertical and horizontal housings without the need for an adaptor. Dimensions 50 x 50 x 21 mm Halogen-free thermoplastic material guarantees no flame propagation in case of fire and low toxicity in case of smoke. Resistant to corrosion and extreme temperatures. Easy maintenance, it is recommended not to use cleaners that contain chlorine.

FINISH

Aluminium

PACKAGING CONTENTS

Angled voice and data plate with dust cover

ETIM CLASS

EC000018

COMPATIBILITY

Simon 500 Cima enclosures

REMARKS
