

Digital control plate with 1 trunking, FM tuner and 3.5 mm jack output ivory Simon 27 Play

REF. 05022-31

BASIC INFORMATION

DESCRIPTION

The 27 Play series was born with the aim of providing solutions to the existing problems in the elements that make up the electrical and electronic systems. And the passage of time has confirmed that it has fulfilled this purpose to a large extent. The Plate for digital control of a trunking with FM tuner and 3.5 mm jack output in ivory colour of the Simon 27 Play series is a good example of this. Manufactured with thermoplastic materials, this is a plate with dimensions of 45x45 mm that is available in 3 finishes, so it is recommended to choose a frame with the same colour of the selected plate, suitable for surface and flush mounting, it consists of two modules easy to clean for maintenance over time. Plate is one of the most complete boards as it includes headphone engraving, scan function, reset tuning and source selection.

FINISH

Ivory

MATERIAL

Plastic

PACKAGING CONTENTS

Plate

SYMBOL

Headphones, Scan feature, Tuning reset, Source selection

COMPATIBILITY

Simon 05 mechanisms

REMARKS

Available in 3 finishes. It is recommended to choose a frame the same colour as the selected plate.

TECHNICAL INFORMATION

AVAILABLE MARKET

CE

IP RATING

IP20

OPERATING TEMPERATURE RANGE (°C)
