

Systimax® RJ45 IT connector category 5e UTP graphite

REF. 75542-32

BASIC INFORMATION

DESCRIPTION

RJ45 systimax ® computer connector Type 5e UTP finished in graphite colour, which you will be able to buy in the Simon 75 series, the type of terminal connection and the operation is by insertion. Manufactured with the highest quality metal components with halogen-free thermoplastic insulation that allow you to comply with the regulation TIA 568 C. 2 and in addition operation at temperature intervals that comprise 5°C and 40°C. Enjoy with multiple color combinations, a wide range for all kinds of decorative spaces, so that you can not resist even a single corner of your home, it plays with the shapes, thanks to the rectangular design of the trim frame, allows you to adopt two different shapes with different aesthetics. The best if you have varied tastes. As for the compatibility with the mechanisms of the Simon 77 series, it is an open door to the world of simplicity in installation, without the need to use additional tools or strip cables, simply insert and squeeze and enjoy the element you wanted in your home correctly functional.
