

Frame for 4 elements gloss blue without claws and with frame holder Simon 27 Neos

REF. 27774-33

BASIC INFORMATION

DESCRIPTION

This series has 8 matt finishes and 5 glossy finishes, the new generation of colour reaches the participation of the Simon 27 Neos series. The frame-holder is metal and the frame is made of thermoplastic with a glossy blue finish, balanced lines and functionality, for a frame that highlight where it is installed. Thanks to the fact that it has capacity for 4 elements, you can install a different electronic functions and enjoy this optimum control of all of them. This series offers functions such as: Lighting control, centralisation of blinds, security and protection, among many others. This is a frame without claws suitable for flush mounting and has dimensions of 86x306 millimetres. The Simon 27 Neos series allows us to be able to install its frames, either horizontally or vertically. Simón has more than 100 years, offering products functional, quality, with a great variety of designs and finishes, thus adapting to all needs.
