

Intermediate piece for 3 half elements purple Simon 27

REF. 27912-33

BASIC INFORMATION

DESCRIPTION

Once again, the Simon 27 series does not make our day-to-day life any easier with the best decorative solutions for electrical systems installed in large public and private buildings, as well as in private homes. On this occasion we present the Intermediate Part for three media elements in lilac finish, one of the most demanded items in this range for its high functionality. Resistance and durability are two qualities that stand out in this intermediate piece suitable for installation in a baseboard in surface-mounted and recessed in a universal box in the easiest way. It has been manufactured with the best thermoplastic materials and is also available for capacities of 2 and 3 half elements. This part also consists of three modules and allows two addresses of assembly, depending on whether the plate is placed horizontally or vertically.
