

Spotlight 740.00 Rail 4000K Flood CR90 White

REF. 74000030-494

BASIC INFORMATION

DESCRIPTION

The 740.00 Rail Spotlight 4000 K Wide Flood CR90 White is a spotlight of Simon of the range of spotlights 740. From white colour thanks to the textured paint applied during its manufacture, this is a spotlight stylish and discreet ideal for all types of spaces. Its body is manufactured in aluminium and is very resistant and durable thanks to its high thermal design.

In terms of its power we can assert that it has up to 30 W of power and this allows you to send to 2280 lm with total guarantee. It is very important also its wide flood optics, a type of optics that makes it possible to illuminate with angles very open, as in this case reaches the 47 degrees of amplitude. If we join this with the neutral white colour of the light it emits thanks to the fact that it has a colour temperature of 4000 K, we are looking at a very attractive spotlight on all levels.

A level of installation, we need to highlight two basic factors. The first, which has a type of installation of rail, which makes its installation in all types of spaces. The second factor, as it is a spotlight with a protection rating IP 20.
