

Flat voice and data plate with dust cover for 2 Systimax® RJ45 connectors cold aluminium Simon 82 Detail

REF. 82009-93

BASIC INFORMATION

DESCRIPTION

Belonging to the Simon 82 Detail series, we find this flat data and voice plate with dust cover for two RJ45 Systimax connectors. It is in cold aluminium colour and is available in six different finishes to combine that you can find them in the category ""covers and rockers"" to match your taste and choose what best suits your home. It has a simple and quick installation as it is suitable for surface mounting or flush mounting. The element has dimensions of 55x55 mm, with a flat base plate type and Systimax ® connectors. The voice and data plate has two connectors and an adaptor module included in the same element, also includes a dust shutter to improve the maintenance of the component avoiding errors caused by dust. It is manufactured with thermoplastic materials which increases resistance at different temperature ranges. Take advantage of the new features of the range Detail belonging to Simon 82, a collection that takes care of details to the max and makes comfort even more comfortable.
