

Single rocker with viewer and bell symbol white Simon 28

REF. 28015-30

BASIC INFORMATION

DESCRIPTION

Individual rocker with viewer in luminous and small bell engraving with white finish in. This article is part of the series Simon 88 and is only available in the stated finish. This is a rocker suitable for surface or flush mounting installation in all kinds of environments, due to its extraordinary thermal resistance, although the most convenient thing is that it is in environments between 5 and 40°C for optimum conservation. It is made of thermoset plastic, a quality material that offers maximum guarantees wherever it is installed. For cleaning, you can use a soft cloth and moistened in soapy water. Also, remember to avoid those cleaners that are abrasive and contain chlorine. The series Simon 88 can be defined as a collection unique and daring. In it we find pure lines that can be integrated into any project to perfection, and also highlight how to be carried out.
