

Interchangeable case for 1 half element American frame orange Simon 27 Play

REF. 2700651-072

BASIC INFORMATION

DESCRIPTION

Orange colour of colorful interchangeable sleeve suitable for American frame for a medium element. It is made of thermoplastic, a highly resistant material and has the ability to withstand even the most extreme temperatures, measures 86x125 mm and it is suitable for flush mounting. It is included in the Simon 27 Play series, a collection that encourages you to redecorate spaces with nearly no effort. Therefore, offers a good selection of interchangeable sleeves that will change the appearance of a space with just a click on the frame in question. These are available in 4 ranges. To obtain an optimal result, it is best to combine this frame with rockers and covers, white colour. Remember that there are also rockers covers to match the sleeves. For its features, this case can be installed vertically or horizontally without distinction. For maintenance, use a soft and slightly damp cloth.
