

Frame with base for 2 elements horizontal aluminium

Simon 73 Loft

REF. 73620-63

BASIC INFORMATION

DESCRIPTION

The Simon 73 Loft, with its finished in aluminium, is a model that bases its design on the need for integration into the space to which it is intended. Even with its installation in surface-mounted and in horizontal, is designed to highlight in excess, having a minimum thickness. It consists of two elements, with capacity for up to three depending on the model. Its measures are 75x146mm. Its manufacture is made of thermoplastic, providing hardness and resistance to the model. For its maintenance, it indicates the use of a soft and dry cloth, never abrasive cleaners that may contain chlorine, as they could damage the material or its finish.
