

Plate for background music regulators with musical note symbol aluminium Simon 75

REF. 75055-33

BASIC INFORMATION

DESCRIPTION

Plate in aluminium colour for the ambient music regulators and with musical note engraving. This plate is suitable both for surface and flush mounting in rooms with a temperature located between 5 and 40°C, although it is able to withstand extreme temperatures of -25 to 50°C, approximately. Manufactured in thermoplastic, its maintenance is quite simple, as only has to use a soft cloth slightly, light line, with soapy water, forgetting of abrasive cloths and / or abrasive cleaners containing chlorine, as they could damage the plate and that does not come to operate correctly. The Simon 75 series stands out for offering an infinite number of combinations of colour, with frames in 13 finishes, parts pieces in 15 colours and rockers in 6 colours. Also, it also stands out for the game of shapes that offers, above all, due to its trim frame that allows you to adopt two different aesthetic shapes, by doing it, in this way, a series suitable for the most varied tastes.

FINISH

Matt aluminium

MATERIAL

Thermoplastic,Aluminium

PACKAGING CONTENTS

Plate

SYMBOL

Musical note

COMPATIBILITY

Simon 75 mechanisms

REMARKS

Available in 6 finishes. It is recommended to choose a frame with a base the same colour as the selected rocker.
