REF. 82055-38

BASIC INFORMATION

DESCRIPTION

Plate for the ambient music regulators with a graphite finish, this one belongs to the Simon 82 series that has a great variety of minimalist designs, and a multitude of textures that you can combine to obtain a set that adapts to your style, it is recommended to choose the frame with the same baseboard colour as the selected rocker. The plate is available in six finishes, which can be found in the category rockers / covers and other similar devices. For its correct installation it must be taken into account the following measurements 55x55 mm which can be fitted to surfaces and recessed where desired. The manufacturing material is of the highest quality because it is made of thermoplastic and has an average temperature range of 5 to 40°C., the Simon 82 series offers us a premise used by the crowd, its plate will be like the first day with a simple soft cloth and slightly dampened in soapy water.
