

Frame square for 4 elements gold Simon 88

REF. 88642-36

BASIC INFORMATION

DESCRIPTION

Square frame designed to fit 4 elements. With gold finish, the article is part of the series Simon 88. The base is made of thermoplastic material, while the frame is Zamak. Both materials form a piece that is resistant to friction and extreme temperatures. However, the frame should ideally be installed in spaces with a temperature of between 5 and 40°C. It is suitable for flush mounting and has dimensions of 85x298 mm, it also, it can be installed both vertically and horizontally, as it has finished in gold, it is advisable to combine it with rockers and covers of the same colour to obtain a better result. With regard to its maintenance, you can use a soft cloth slightly moistened in soapy water, avoiding abrasive cleaners that contain chlorine. The Simon 88 collection is characterized by its pure and stylish lines and has been designed to fit into any space and to stand out.
