Vertical front kit for 2 elements and 3 rockers gloss white Simon 100

REF. **10020215-130**

BASIC INFORMATION

DESCRIPTION

Vertical front kit designed to occupy 2 elements and has 3 keys. It has an elegant glossy white finish and, as it belongs to the Simon 100 series, it is also compatible with the rest of the mechanisms of that series.

The direction of its installation is vertical. It is a standard product, so it is marketed in the EC.

The device is sold in a package in which you can find the cover and the respective keys.

For the conservation of this kit, the storage temperature range must be between -25º C and 50º C, while the interval in terms of the temperature necessary for its operation should be from 5º C to 40º C.

As regards its cleaning, this can be done quickly and simply: just pass a damp cloth in water with some soap. It's important to avoid products that contain chlorine or other chemicals.
