Ofiblock Compact mounted and wired with 4 sockets and 1 rear diecut in the last position

REF. **KFC105040LP1/14**

BASIC INFORMATION

DESCRIPTION

KIT Ofiblock Compact offering maximum functionality in a compact size. With its minimal depth and wide range of accessories, it is suitable for installation on raised floors, walls, furniture, metallic surfaces with magnets, or on DIN rails. Designed to meet the specific needs of each space, it comes with pre-mounted and pre-wired K45 modules, providing a complete and efficient solution. It includes a side entry with a 3-pole male quick connector (Wieland type) and a rear knockout in the last position for optimal routing of the voice, data, or multimedia cable feeding the K45 module you choose to install. This module is electromagnetically protected and shielded thanks to the included protective tray. Self-extinguishing halogen-free thermoplastic covers protect the space in the event of a fire.

FINISH

Black

COMPATIBILITY

Functions of the Simon K45 range and combinable with the Electric Wiring range of Simon.

ETIM CLASS

EC002759

REMARKS

Profile with higher compactness to enable convergence of power, voice, data and multimedia solutions with minimal depth
