

High surface mount box for 2 elements black Simon 75

REF. 75761-32

BASIC INFORMATION

DESCRIPTION

High surface-mounted box for combining two elements such as covers or rockers, black in colour and belonging to the Simon 75 series, this is a series that looks for the combination of different colors with the different elements that are installed, to level of quality price achieves a perfect balance, taking to your house the maximum quality in product and a truly competitive price. It has been manufactured with the best quality thermoplastic materials, thus withstanding high and low temperatures, making it perfect for installation in any area. Very resistant and durable using it at maximum performance. Its measures are 82x160x37 mm and its installation can be carried out on surfaces, it is also suitable for flush mounting. We recommend rockers and covers black colour to combine it in the best way with the colour of the selected element, making your design stand out as desired by Simon. To keep the product impeccable it is advisable to use a soft cloth, moistened in soapy water, never use abrasive liquids.
