

Intermediate part for 1 element brown Simon 73

REF. 73901-39

BASIC INFORMATION

DESCRIPTION

Simon 73, you can find this intermediate piece for 1 element, in snow white colour. Simon 73 is a range of products that are characterized by having a minimum thickness, which means that it does not protrude much from the wall and is also may stand out of the products of the Simon 73 series the that adapt to perfection, to the new trends in the decoration of spaces, without having to use channels and offering a high level of aesthetic integration. Also, products are fully compatible with the mechanisms of the Simon 73 Loft series. It is available for replacement and its cleaning is very easy to perform, because only vas to need to wipe it with a soft cloth and slightly moistened in soapy water and forget you to use any type of abrasive product or cloth containing chlorine, as they could get damaged and not fulfil its function.
